

STATEMENT OF PURPOSE**RS22699C1**

This legislation urges federal legislation in support of members of American service members who have gone missing a top priority of our government. House Resolution 231 in the United States Congress seeks to establish a Select Committee on POW and MIA affairs, charged with conducting a full investigation of all unresolved matters relating to any United States personnel unaccounted for out of foreign conflict. Currently, the matter sits before the U.S. House Rules Committee. Because Idaho supports our military personnel, especially those who have not been able to return home, such as Idaho's Sgt. Bowe Bergdahl, this resolution encourages the U.S. House Rules Committee to move the matter on to consideration of the entire U.S. House of Representatives.
